

# TIGER

# POWER

Tractor Driven Generators

## RESIDENTIAL/LIGHT COMMERCIAL 10, 15, 20kW Single Phase Only

Digital Power Monitor:

Frequency, Voltage  
& Wattage

Automatic Voltage  
Regulator (AVR)

Hercular Gear Driven  
No Belts or Chains

540 RPM Input

PTO Shaft Holder

Skid Shoe

Heavy Duty Two Position  
Tubular Hitch

240V Outlet with Breaker  
120V Outlets with Breaker  
Rear Mounted –  
Easy Access

All Copper  
Windings

Powder Coated  
Trailer

### OUTSTANDING FEATURES:

- 2 Pole rotor, 3600 RPM
- 25kVA (10), 45kVA (15), and 60kVA (20) Surge
- All copper windings
- Circuit Breakers: (1) 20A secondary & (1) 50 or 80A Main
- Continuous duty rated at 104°F (40°C) ambient Temperature
- Convenience power outlets: (2) 120V – 20A ground fault protected (GFI), (1) 240V – Full Power
- Digital Power Monitor: Frequency, Voltage & Wattage
- Drip proof Construction
- Electronic Voltage Regulation  $\pm 2\%$
- Insulation class H, double dip varnished, tropicalized
- Lifetime pre-lubricated bearings
- Rugged steel and aluminum construction
- Shielded PTO Shaft & 10 ft. Cord Set
- Single phase 4 lead, 120/240 VAC
- Totally Brushless
- **5 - Year Limited Warranty!**
