

TIGER

POWER

Tractor Driven Generators

COMMERCIAL 20 through 100kW Single Phase and 3 Phase

Digital Power Monitor:
Frequency, Voltage
& Wattage

Automatic Voltage
Regulator (AVR)

Hercular Gear Driven
No Belts or Chains

1800 RPM

PTO Shaft Holder

Powder Coated Trailer

Heavy Duty
Tubular Hitch

Sealed Bearing Factory Axles

240V Outlet with Breaker
120V Outlets with Breaker
Rear Mounted –
Easy Access

All Copper
Windings

OUTSTANDING FEATURES:

- 4 Pole rotor, 1800 RPM
- All copper windings
- Circuit Breakers: Main & (2) secondary
- Continuous duty rated at 104°F (40°C) ambient Temperature
- Convenience power outlets:
(2) 120V – 20A – Ground fault protected (GFI)
(1) 240V – 50A
- Digital Power Monitor: Frequency, Voltage & Wattage
- Drip proof Construction
- Electronic Voltage Regulation $\pm 2\%$
- Insulation class H, double dip varnished, tropicalized
- Lifetime pre-lubricated bearings
- Rugged Welded steel frame
- Rugged steel and aluminum construction
- Totally Brushless
- **5 - Year Limited Warranty!**
